

Wales Orthognathic Study Group

Summer 2026

CIRCLING BACK

A Review and Debate of the Fundamentals of Orthognathic Treatment

Morning Session: Teaching

The morning programme will be dedicated to trainees and will be delivered in two parts.

Part 1: Didactic lectures

- 1 Case Selection: An Introduction to IOFTN
- 2 Clinical Diagnosis of the Orthognathic Patient
- 3 Treatment Planning Principles for the Orthognathic Patient

Part 2: Case-based discussion

Unseen case discussions.

Afternoon Session: Group Meeting

WOSG Summer 2026 will take us back to the core principles and topics that underpin our practice in orthognathic care.

An afternoon of Oxford Union style debate, group discussions and interactive voting on a selection of fundamental orthognathic topics aimed at building consensus, identifying variations in practice and refreshing us on the latest guidelines.

Organised by Aneurin Bevan University Health Board

Full agenda to follow....
